Mustafa ONAL

FULL STACK JS DEVELOPER | MERN, FERN

Profile

I am a Web Developer with focus on frontend development. I have experience as a React Developer with Javascript and TypeScript. I am good at developing the features with a good connection of business value and user experience. User experience and interfaces is the most important for me! I have worked in a start-up environment and large corporate teams. I contributed in international environment and I understand the importance of good communication.
